Ms Office 2007 Self Extract Setup I have tried using XP's built in MSI support but I get the same error. It is an SP3 x86. A: I would install SP3, and then try the upgrade again. What I would do is, 1) delete the setup files for Office 2007 SP2 in the program folder (msiexec /i {...}), 2) get SP3, 3) install SP3 4) upgrade Office 2007 This worked for me when I had problems like this. Q: Scrolling a textview with an image view and textview I am trying to implement an effect similar to the image below in a textview with text. What i mean is when i scroll up the textview with an image it's offset by a small bit. I have an initial value of "-" to do this, then after scrolling up i subtract this value to the position of the imageview and textview to simulate this effect. I was wondering what the easiest way to implement this is? I have tried to use a textview with the layout below:
